## Pediatric Orthopedic Seminar

### *Musculoskeletal Medicine and Surgery*

**Saturday**  
**January 26, 2008**

*Presented by:*

- **Children's Hospital and Regional Medical Center**  
Department of Orthopedics  
Continuing Medical Education
- **University of Washington**  
Department of Orthopedics

**Children's Hospital and Regional Medical Center**  
Seattle, WA

**Children's**  
Continuing Medical Education

## **COURSE DESCRIPTION**

This highly practical one-day course begins with a short review of bone and joint basics and continues with the most current information on orthopedic issues presented in family and pediatric practice. The format includes demonstration of examination techniques and lectures on evaluation strategies and patient management options. Time is also provided for questions and discussion. Participants are encouraged to tailor their course experience by bringing specific cases to discuss with faculty.

## **WHO SHOULD ATTEND**

- Pediatricians
- Family Physicians
- Physician Assistants
- Physical Therapists
- Emergency Room Physician
- Nurse Practitioners
- Occupational Therapists
- School Nurses

## **COURSE LOCATION**

Children's Hospital and Regional Medical Center  
Wright Auditorium  
4800 Sand Point Way NE  
Seattle, WA 98105

## **FREE PARKING**

### **Giraffe Lot – first lot on the left**

A map will accompany your registration confirmation letter.

## **COURSE OBJECTIVES**

Participants will be able to:

- implement practical evaluation/treatment techniques applicable to the care of orthopedic problems in children; and
- provide differential diagnosis, appropriate use of diagnostic modalities, basic treatment methods and indications for referral for common conditions and injuries.
