

Financial Assistance Application

The Seattle Children's Financial Assistance Program may be able to help you with your Children's bills — even if you have insurance.

Our financial assistance is for medically necessary services. It is based on family income and hospital resources and is provided to children under age 21 whose primary residence is in Washington, Alaska, Montana or Idaho. Patients who do not meet these criteria may be eligible for financial assistance for emergency services only. Adults in our region who are 21 years old and older may be eligible for financial assistance to treat specific conditions which are best managed by Seattle Children's specialists and programs.

The Children's Financial Assistance Program is not a form of insurance. It only helps with healthcare bills from Seattle Children's Hospital, Children's Home Care Services, Children's University Medical Group and Odessa Brown Children's Clinic.

If you qualify for the program, we help pay for:

- Healthcare bills from Children's that insurance does not cover
- Very large hospital bills at Children's
- Your full bill at Children's

To apply for Children's financial assistance before, during or after your child's care at Children's, fill out the form on page 4.

We also offer these options:

- **Interest-free Payment Plan** – We can help you work out a monthly payment plan. You do not need to fill out the application form.
- **Self-pay Discount** – We offer a 25% discount on our healthcare services if you:
 - Are a U.S. resident.
 - Do not have an insurance company that will be paying or reducing any part of the bill.

Call 866-987-5770 (toll-free) to find out more or sign up for Children's financial assistance (also known as charity care).

Our financial counselors can also help you with this possible source of financial assistance:

- **Medicaid** – Medicaid or state medical assistance can often pay for part or all of your child's healthcare expenses, even if you are not eligible for other forms of aid from the state. Medicaid can also help pay for healthcare bills from other providers besides Children's.

Fill out the form on the following page and bring it to a Children's registration desk, or mail or fax the form to the Children's Business Services office:
