

## Exhibit A

Requests for access to Research Support Services' STATA statistical software license should be directed to:

[researchitrequests@seattlechildrens.org](mailto:researchitrequests@seattlechildrens.org)

Please be prepared to supply the following pieces of information:

1. Your Computer Host Name (example w001234 or xmobile1)
2. Physical location you will be using the software from.
3. Your department and job title.

Notes:

- Be advised that we have a network STATA license therefore, **you must be connected to the Children's network to use the software.**
- Questions relating to STATA installation procedures and/or problems with initiating a STATA session should be directed to the Research IT department via the email address given above.
- Assistance with using STATA statistical software for data analysis tasks may be requested by contacting Kristy Seidel (206-987-3968) or Do Peterson (206-987-7848) in CHRMC's Office of Biostatistical Services.
