# On the right table click on "Citrix Receiver"

The screenshot shows the Citrix website's Downloads page. At the top left is the Citrix logo. To its right is a 'Clip & Share (0)' button and a search bar. Below the logo is a navigation bar with links for 'Products & Solutions', 'Downloads', 'Buy', and 'Support', along with a 'Log In' button. The main content area is divided into three columns. The left column contains a login form with fields for 'Username:' and 'Password:', a 'Log In' button, and links for 'Forgot Your Password', 'New Users', and 'More Options'. The middle column features the heading 'The downloads you need in one, easy place.' followed by a paragraph of instructions, a 'Search Downloads by Product' dropdown menu, and three product cards: 'Client Center' (with a 'DOWNLOAD' button), 'Trial Center' (with an 'EXPLORE NOW' button), and 'What's New' (with links for 'VDI-IN-A-BOX 5.0' and 'XENDESKTOP 5.5'). The right column has a 'Featured Downloads' section with a list of items: 'Citrix Receiver' (highlighted with a red box and a red arrow), 'XenApp Clients & Plug-ins', 'XenServer Free', and 'XenClient Express'. The footer contains five columns of links: 'Citrix' (About Us, Contact, Careers, Investor Relations, Become a Partner, My Citrix), 'Products' (XenDesktop, XenApp, XenServer, NetScaler ADC, GoToMeeting, GoToMyPC, GoToAssist, View All >), 'Explore' (Education, Partners, Customer Success, Community), 'Media' (Events, News, Blogs, Citrix TV), and 'Navigate' (Global Sites, Site Map). On the far right of the footer are social media icons, copyright information, and links for 'Terms of Use', 'Privacy', 'Governance', and 'Employee Login'.

## Receiver for Mac 11.4.3

Release Date: 11/17/2011

Back to results

Replaces the Online Plug-in for Mac. Contains all of the Online Plug-in functions.

Use for on-demand access to Windows, Web, and SaaS applications using Safari or Firefox with Mac OS X 10.6 or 10.7 (32- and 64-bit). No setup is required.

Ask your help desk for the URL to set up Receiver to access your apps and desktops directly from your desktop.

Review the [Receiver for Mac 11.4 documentation](#).

### Issues fixed in this release

View the [list of countries that may have export or import restrictions](#) for products containing strong (128-bit or greater) encryption.
