

<p><b>WHO</b></p>	<p>Should be referred to the Neurology Clinic?</p>	<p>We see patients ages birth to 18 for a broad range of neurological conditions including: developmental delay, headaches, seizures and epilepsy, mitochondrial and other neurometabolic disorders, movement disorders, stroke and cerebral palsy. Patients being referred for primary evaluation and/or treatment of autism should be referred to the Autism Clinic. Patients needing a primary diagnosis and treatment for ADHD and behavioral issues should be referred to the Psychiatry Clinic. Learning disability evaluations should be referred to the University of Washington's LEARN clinic.</p>
<p><b>WHAT</b></p>	<p>Work-up is needed prior to the first appointment?</p>	<p>No pre-referral work-up is required for most conditions. If imaging studies (CT, MRI, Xrays) have already been done, please upload to PACS or have patients hand carry disc to clinic. If an EEG or other diagnostic studies have been performed, please fax the report/s. For transfers of care, please send all previous neurology records. Please fax all relevant information including pertinent notes and results of prior diagnostic studies to 206-985-3121.</p>
