## Pediatric Specialty Care — Closer to Home

Consistently ranked as one of the best children's hospitals in the country, Seattle Children's Hospital has been delivering superior patient care for over 100 years. Our experts welcome the chance to work with your family closer to your home. Seattle Children's Bellevue Clinic serves children and their families in east King County. Our care is provided by the same doctors and nurses who take care of children and adolescents at our main campus in Seattle.

**Children don't get sick *just*  
during office hours.**

If your child has an illness that is not urgent — such as fever or earache — when your doctor's office is closed, call Seattle Children's for after-hours care in Bellevue.

Call your child's healthcare provider's office before you come to the After Hours Clinic. The provider's answering service may help you get a referral, if required by your insurance plan, or connect you with their medical advice center.

If your child's illness or injury is life threatening, call 911.
