Nursing Research Writing Workshop

PURPOSE
The purpose of the writing workshop is to promote the submission of scholarly work for publication. The workshop is intended for Seattle Children’s Hospital nurses and other health professionals who have a completed QI, EBP, Research, or other scholarly work and are ready to publish the findings. The workshop is designed for novice authors. The nurse researcher and others experienced in publishing are available to provide mentorship support.

AWARD DETAILS

A. Funding
- Financial support is provided for clinical nurses attending the workshop. Nurses will receive regular pay for attendance time.
- Mentorship support is available and provided by the nurse researcher (or designee).

B. Eligibility
- Applicants must be a Seattle Children’s Hospital nurse, working in any areas of the hospital including inpatient, ambulatory, and regional clinics, or other health professionals. Clinical nurses (direct care staff), leadership, and advanced practice nurses are eligible to apply.
- The project that will be published must be completed. Limited statistical support may be provided to assist in presenting analysis and findings.
- Projects that have already been presented as an abstract, poster, or podium presentation will receive priority.
- Applicants must be in good standing within their department.
- Applicants must seek approval from their director (signature required).
- Applicants must work with the nurse researcher. They may work with other colleagues and mentors as well, but the nurse researcher will oversee the process and review the draft manuscript prior to submission.
- Applicants are expected to complete and submit the manuscript by June 1, 2017.

C. Allowable Costs
- Nurse author salary time while attending the workshop.
- Direct costs related to publishing are not supported.

D. Application Requirements
The application and instructions can found on the Nursing Research Writing Workshop Program page.
APPLICATION REVIEW PROCESS

Applications will be reviewed by Debra Ridling, Associate Chief Nurse, Practice and Research and Karen Thomas, Nurse Researcher. A maximum of 15 workshop participants will be selected. Priority will be given to CNS and nursing grant recipients.

AWARD TERMS & CONDITIONS

A. Selected participants agree to attend three workshop sessions to be held as follows:
   - Monday, February 6, 2017 from 1 to 4 p.m.
   - Monday, March 13, 2017 from 1 to 4 p.m.
   - Monday, April 10, 2017 from 1 to 4 p.m.

B. Nurse workshop attendees will receive a total of 9 hours of regular pay (Staff who are paid an hourly wage must work with their manager to ensure overtime is not accrued due to participation in the writing workshops.)

C. It is expected that the manuscript will be prepared and submitted by June 1, 2017.

D. Workshop participants must ensure that, before the manuscript is submitted for publication, IRB requirements, if applicable, have been met, it has been reviewed and approved by the nurse researcher, and others as necessary. The nurse researcher will work with the Associate Chief Nurse for Practice and Research to determine any additional approvals that may be needed.

E. Author(s) must comply with author guidelines and disclosers as outlined by the journal for publication. Where the terms and conditions of the Award have not been observed, the nursing research program reserves the right to withdraw the remainder of the Award.

F. The completed manuscript must be submitted to the Nurse Researcher at the time of journal submission.

G. The manuscript will be listed on the Nursing Research Website.
