GENERAL INFORMATION

Course Description

This course is designed to improve your clinical practice by providing up-to-date information and practical evaluation and management strategies for children who present with common medical emergencies encountered in the primary care of children. The curriculum includes lectures and workshops with an opportunity to discuss issues with emergency room experts.

Who Should Attend

- Pediatricians
- Family Physicians
- Physician Assistants
- Allied Health Professionals
- Emergency Physicians
- Nurse Practitioners
- School Nurses

Course Location

Seattle Children's - Wright Auditorium
4800 Sand Point Way NE
Seattle, WA 98105

(Parking is free - see map enclosed with registration confirmation letter)

Course Objectives

Participants will be able to:

- assess and utilize best practices to evaluate and manage patient safety;
- assess and utilize best practices to evaluate and manage chest pain in children;
- assess and utilize best ethical practices in emergency medicine;
- build skills in splinting, examination and evaluation of teeth, knees and eyes; and removing foreign bodies in an emergency situation; and
- evaluate literature updates that may change current clinical best practice.

Course Direction

- Eileen Klein, MD, MPH – Co-Chair
- Richard Shugerman, MD – Co-Chair
- Julie Brown, MD, MPH
- Dena Brownstein, MD
- Brianna Enriquez, MD
- Russ Migita, MD
- Suzan Mazor, MD
- Carolyn Paris, MD, MPH
- Tony Woodward, MD, MBA
- Kathie Kohorn, CME Coordinator
