

SOUTH KING COUNTY

Swimming and Water Recreation in South King County

Everyone Swims!

The goal of Everyone Swims is to increase access to swimming and water recreation in Seattle and King County, Washington. Everyone Swims is a partnership made possible by funding from the Department of Health and Human Services and Public Health - Seattle & King County

Swimming is fun and a great way to get exercise. Knowing how to swim is a skill that can help keep you safe. There are many places for children, teens, families and adults to enjoy swimming in Seattle and King County. There are also places where you can row, sail, canoe or kayak. The people who work at pools, boating programs and beaches want to help you find ways to safely enjoy the water.

If you need help paying for swimming lessons, ask about scholarships. Many pools also have special times or classes that are lower in cost. In the summer, many of the beaches with life guards offer free swim lessons. Some beaches have life guards from June to September. Check your local beach for the life guard schedule and hours. This handout can help you find a pool, boating program or beach in your community.
