

## DONATION GUIDE

We at Seattle Children's Hospital Thrift Stores value your donations! When your donations are sold in our stores, the profit is applied toward families who cannot otherwise afford needed medical care.

On this form you will find a list of items that we can and cannot use. Since it is difficult to properly evaluate your donation over the phone, final approval for all pick-ups rests on the driver. If you bring your items to the store, final approval rests on the store staff. Please do not take donations to the Hospital. Instead call:

**Donation Line 206/448-1233 or 1-800-219-4240**
