Transitioning to Adult Rheumatology

Rheumatology staff will present strategies to help prepare for and ease the transition from pediatric to adult care. A question-and-answer session will follow.

The workshop will focus on:

- Age-by-age guide to transitioning to adult rheumatology care
- Tips and tricks on how caregivers can help patients prepare to manage their own care
- Meet local adult rheumatology doctors
- And much more

**Tween and teen patients are invited to attend.
Light refreshments will be provided.**
