Starting in 1907, Seattle Children's has been a staple in the community for pediatric care. Here's a snapshot view of our 114-year history.

**AWARDS AND HONORS**
- Designated as one of the nation’s top children’s hospitals for more than 25 years, by US News & World Report
- Ranked 5th in NIH Funding among pediatric research institutions
- Designated as a Magnet Hospital by the American Nurses Credentialing Center

**OUR HISTORY**

- 1907: Anna Clise files articles of incorporation for the Children’s Orthopedic Hospital Association and starts planning the first facility in Seattle.
- 1977: A 65K sq. ft. medical pavilion opens at the main hospital campus.
- 2004: Children’s opens research lab in downtown Seattle.
- 2006: Children’s acquires research facility in Seattle; another neighboring facility is purchased in 2007.
- 2007: Center for Diversity and Health Equity established, one of the first such pediatric centers in the country.
- 2019: Seattle Children’s Therapeutics is created to envision and test next-generation cell and gene therapies for pediatric diseases.
- 2021: 200+ total patients enrolled in COVID-19 vaccine trials.

**OUR MISSION**

We provide hope, care and cures to help every child live the healthiest and most fulfilling life possible.

**OUR VISION**

Seattle Children’s will be an innovative leader in pediatric health and wellness through our equitable and unsurpassed quality clinical care; relentless spirit of inquiry; and compassion for all children and their families.

Our founding promise to the community is as valid today as it was over a century ago. We will provide equitable care for all children in our region, regardless of their family’s ability to pay.

**OUR VALUES**

Our six values stand together – one cannot be practiced without the others. As an organization committed to health equity and anti-racism, we will practice these values through an anti-racism lens to foster a culture of respect and inclusion throughout the Seattle Children’s community.

**WE WILL:**
- Practice the safest, most ethical, most equitable and effective medical care possible
- Discover new treatments and cures possible
- Promote healthy communities while reducing health inequities
- Empower our team members to reach their highest potential in a respectful and inclusive work environment
- Educate and inspire a next generation of faculty, staff and board members who represent and serve the rich diversity of our community
- Build on a culture of philanthropy for patient care and research

**Facts and Stats**

Seattle Children’s mission is to provide hope, care and cures to help every child live the healthiest and most fulfilling life possible. Together, Seattle Children’s Hospital, Research Institute and Foundation and Guild Association deliver superior patient care, identify new discoveries, transform health care through pediatric research, and raise funds to create better futures for patients.

With over 114 years of history, Seattle Children’s is dedicated to continuing to provide compassionate, equitable care for all kids-kind.
