Reproductive Health Services, 13136

Policy/Procedure

PURPOSE:

In accordance with WAC 246-320-141 and RCW 70.41.520, this document describes the reproductive health care services generally available at Seattle Children’s Hospital.

POLICY:

Seattle Children’s provides specific specialized reproductive health care services through the Seattle Children’s Prenatal Diagnosis and Treatment Program; the Adolescent Medicine Program including its Pediatric and Adolescent Gynecology practice; and, as appropriate and medically necessary, in the emergency department and acute care inpatient and outpatient hospital settings. These services are listed in the Hospital Reproductive Services form provided to the Washington State Department of Health.

In cases where medically necessary services are not available at Seattle Children’s, patients are provided with information about, and/or referrals to, facilities that may provide those services.
