Working Together for Healthier Children

In addition to an expert and caring staff, our extraordinarily generous community is one of our greatest strengths. Ever since Anna Clise formed the first hospital guild in 1907, people like you have been a major force in improving the health and well-being of all kids. Each year we receive about 75,000 gifts, from lemonade stand proceeds to estate bequests. There are many ways to give:

- **Make a contribution**
- **Host or attend an event or fundraiser** that supports Seattle Children's
- **Double your donation** by asking your employer to match your gift
- **Support local businesses** that sponsor Seattle Children's
- **Start a guild** by gathering friends to raise money for hospital programs
- **Donate stock, real estate or other personal property**
- **Make Seattle Children's part of your legacy** by adding the hospital to your estate plan
- **Join Children's Circle of Care** by contributing \$10,000 or more during a calendar year
- **Join Research Champions** by contributing \$1,000 (individuals) or \$2,500 (companies, foundations and guilds) or more during a calendar year
- **Volunteer** or give to our **Bargain Boutiques**

IT STARTS WITH YES

The Campaign For Seattle Children's

Our Mission

We provide hope, care and cures to help every child live the healthiest and most fulfilling life possible.

Our Vision

Seattle Children's will be an innovative leader in pediatric health and wellness through our unsurpassed quality, clinical care, relentless spirit of inquiry, and compassion for children and their families.

Transforming Childhood Health Together

Can we bring hope to a family in their time of need? Can we provide the care that will give a child their healthiest future possible? Can we find a cure for a child's disease and not just treat the symptoms? Until we can say yes to every child and family, our work is far from done.

It Starts With Yes: The Campaign for Seattle Children's is a bold initiative – \$1 billion bold – to partner with our community and deliver on our shared vision to transform children's health for generations to come.

Today, thanks to your support, Seattle Children's continues to deliver on our founding promise to provide care for every family in need. We're also on the cusp of transforming treatments and cures for some of the most devastating childhood diseases.

This convergence of purpose and vision, of momentum and opportunity, of world-class talent and seemingly unlimited possibilities positions us to dream like never before.

You can help us deliver on our biggest ideas — life-changing ideas that point toward an amazing future.

For us. For you. For kids.

Every child deserves a childhood. With this campaign, and with your partnership, we are:

- Advancing our core mission to care for every child
- Delivering on the promise and power of immunotherapy
- Unlocking the mysteries of the childhood brain
- Launching a new era for community health and wellness
