

# SPIN ART SUPPLIES AND INSTRUCTION

## Spin Art

Thank you for selecting this activity for your group experience! This is a great hands-on tactile project where children can use their imaginations to the fullest. We suggest that you make a creation before coming to the playroom. This will give you a better idea of what to expect and will help you to assist children in their artistic exploration.

Feel free to be creative and bring additional materials. Sometimes it is helpful to pick a theme, search and print photos from the web. Anything to help generating ideas is great!

Please note that many of our patients must remain in isolation and cannot leave their room. **Children may or may not be present for this activity.** Often times Playroom Volunteers may ask for materials to bring to a patient's room. We also may ask you to assemble room visit kits with unused materials. These cherished kits are distributed to patients and siblings throughout the week.

### Supplies Needed:

Item	#Needed	Total Price	
Spin Art	1 box set	\$14	<a href="#">Sample Link</a>
Refill	10 sets	\$100	<a href="#">Sample Link</a>
