Wearing life jackets while playing, swimming, or boating in lakes, rivers, and the ocean can keep you and your loved ones safe. Use this list to visit a place that has a free Life Jacket Loaner Station. Each life jacket loaner station has different life jacket sizes and number of life jackets available to borrow. These locations are not responsible for making sure life jackets of the correct size are available at all times or that they are always in good repair. If you're unsure about whether there will be life jackets in your size to borrow, please use your own.
