40th Annual Duncan Seminar

**Ready, Steady, Go! Supporting Infants and Children with Neuromuscular Disorders**

**Friday, March 29, 2019**
**7:45 AM - 4:15 PM**
**Wright Auditorium**
**Seattle Children’s Hospital**
**4800 Sand Point Way NE, Seattle, WA 98105**

At this one-day conference, participants will gain an understanding of important aspects of neurodevelopmental disorders and support for children with hypotonia, gross motor delay and newly diagnosed spinal muscular atrophy.

Course Objectives

At the completion of this seminar, participants will be able to:

- Gain an understanding of what families and children with neuromuscular disorders experience related to their disability in various care settings.
- Identify and differentiate the presentation of motor delays, weakness and hypotonia in infancy.
- Gain strategies to build relationships between families and care providers across different practice settings.
- Describe the respiratory, sleep comorbidities and treatment approaches of children affected by neuromuscular weakness.
- Familiarize and contextualize palliative care approaches to better support children and their communities.
- Gain knowledge of new evidence based treatment methods for neuromuscular weakness disorders.

Who Will Benefit Most from Attending This Event

Physicians, nurses, SLPs, OTs, PTs, nutritionists, educators, parents, social workers and other healthcare professionals caring for children with neurodevelopmental disabilities and their families.

Directions, Parking, Accessibility

- Directions and parking information will be provided via email closer to conference day.
- To request special dietary or other accessibility accommodations, contact Lynna Song at 206-987-5318, Outreach Education at 206-987-3200 or email outreacheducation@seattlechildrens.org.

**About the Duncan Seminar**

The Duncan Seminar is an annual interdisciplinary conference focused on the care of persons with physical disabilities. It recognizes the major contributions of Dr. William Duncan, orthopedic surgeon, to comprehensive interdisciplinary approaches to cerebral palsy in the Pacific Northwest. The Duncan Award is presented to one or more individuals whose career exemplifies Dr. Duncan’s dedication and innovation on behalf of children with disabilities.

Dr. Duncan’s family and friends established the Duncan Gift Fund in his honor to provide funds for an honorarium for the Duncan Award winner and to support the Duncan Seminar. Additional donations are welcome and should be specifically labeled for the “Duncan Seminar Gift Fund” and sent to Seattle Children’s Foundation, P.O. Box 5371/MS 5-200, Seattle, WA 98145-5005.

This program was partially supported by the Center on Human Development and Disability, University of Washington, and the Leadership Education in Neurodevelopmental Disabilities (LEND) training program, funded by the Health Resources and Services Administration, Maternal and Child Health Bureau through grant # T73MC00041.
Course Schedule
Friday, March 29, 2019 | 7:45 AM - 4:15 PM | Seattle Children’s Hospital, Wright Auditorium
