Pediatric Nursing Update: Evidence-Based Practice in School and Ambulatory Care Settings

SPONSORED BY OUTREACH EDUCATION

Experts from Seattle Children’s and the community will present evidence-based recommendations on commonly occurring medical and mental health issues. You will gain practical tips and tools, resources and information to better serve children with special healthcare needs and their families in your practice setting. We invite you to bring your questions and concerns to share with the conference faculty and your colleagues.

Participants will:
• Understand emerging trends in communicable diseases.
• Identify changes in laws related to vaccinations.
• Develop effective strategies for caring for diverse communities.
• Recognize up-to-date trends in pediatric conditions.
• Evaluate the different perspectives on the continuum of mental health care from the patient, family, and health care providers.

Who Will Benefit Most From Attending this Event
Nurses and allied healthcare professionals caring for children with special healthcare needs in school, primary care, public health and other ambulatory care settings.

Course Content and Objectives

Topics include:
• The Latest on School and Child Care Immunization Requirements
• Pediatric Psychiatry and Behavioral Medicine
• Up-to-Date Trends in Pediatric Conditions

Information
• Detailed directions to Seattle Children’s Wright Auditorium and parking information will be included with your confirmation or can be accessed at seattlechildrens.org/outreach.
