2019 - 2020 Video Teleconference Series

Common Respiratory Infections

Presented by: Lauri Jankowski, MN, RN-BC, CCRN-K and Missy Lein, MSN, ARNP-CS, PCNS-BC, CPN

Thursday, December 5, 2019 12:00 – 1:00 pm PST
Broadcast from Seattle Children’s Hospital, Wright Auditorium

Lauri has 38 years of experience, working primarily in Pediatric Intensive Care and Emergency Transport. She is currently a Nurse Educator in the Seattle Children’s Pediatric Intensive Care Unit, a 38-bed unit that cares for patients from 3 months to 26 years in 14 different specialties.

Missy has been on staff at Seattle Children’s since 2006, starting as a nurse technician. She then worked as a bedside nurse in the Medical Unit for 10 years before transitioning to the role of Clinical Nurse Specialist in 2017. Missy’s focus on the Medical Unit is on the trach/vent and pulmonary patient populations.

Program Objectives – The learner will be able to:

1. Identify common infectious respiratory illnesses seen in children
2. Differentiate signs and symptoms of respiratory distress vs. respiratory failure
3. Discuss escalation of care for children with respiratory distress and impending respiratory failure

Accreditation

• Provider approved by the California Board of Registered Nursing, Provider Number 15641 for 1.0 Contact Hour (Pending)
• None of the speakers, planners, or faculty/content specialists has any conflict of interest or will be discussing any off-label drug or product use. This class has no commercial support or sponsorship, nor is it co-sponsored
