|--------------|--|---|
| WHO | Should be referred to the Audiology Clinic? | We see patients ages 0 to 21 for hearing loss, suspected or known. We provide diagnostic services, including behavioral and physiologic assessments, and fitting and management of hearing devices. For information about cochlear implant and aural habilitation services, please see the childhood communication center referral information page. |
| WHAT | Work-up is needed prior to the first appointment? | No pre-referral work-up is required for most conditions. If you have already done a work-up or you have audiology records from another facility, please fax your information to 206-985-3121. |
| WHICH | Provider will my patient see at the first appointment? | Your child will be seen as quickly as possible with the provider on the specialty team who is the best match for managing the current problem. To meet the Audiology team CLICK HERE . |
| WHERE | Will my patient be seen? | Audiology Clinics are held in Seattle and Bellevue. For maps and directions to Seattle and Bellevue CLICK HERE . |
