

<h2>WHO</h2>	<p>Should be referred to Biochemical Genetics?</p>	<p>We see patients ages birth to 21 for the following conditions: fatty acid oxidation disorders, lysosomal storage disorders, mitochondrial disorders, organic acid disorders, urea cycle disorders and Wilson disease.</p>
<h2>WHAT</h2>	<p>Work-up is needed prior to the first appointment?</p>	<p>No pre-referral work-up is required for most conditions. If you have already done a work-up, including clinic notes, or imaging studies, please fax your information to 206-985-3121. If imaging studies have been performed, please upload to PACS or mail a disc to clinic.</p>
<h2>WHICH</h2>	<p>Provider will my patient see at the first appointment?</p>	<p>Your child will be seen as quickly as possible with the provider on the specialty team who is the best match for managing the current problem. To meet the Biochemical Genetics Care Team <a href="#">CLICK HERE</a>.</p>
<h2>WHERE</h2>	<p>Will my patient be seen?</p>	<p>Biochemical Genetics Clinics are held in Seattle and Spokane. For maps and directions <a href="#">CLICK HERE</a>.</p>
