

<h2>WHO</h2>	<p>Should be referred to Biofeedback?</p>	<p>We see patients ages 8 to 21 for the following conditions: tension and migraine headaches, Raynaud's phenomenon, borderline high blood pressure (hypertension), recurrent vomiting or rumination and recurrent or chronic abdominal pain.</p>
<h2>WHAT</h2>	<p>Work-up is needed prior to the first appointment?</p>	<p>Referral should be initiated after neurology, gastroenterology, or rheumatology consultation or after normal brain imaging studies have been documented. Brain imaging studies and/or specialist appointment should have been completed within the last year. Any diagnostic tests completed within the last year including ultrasounds, x-rays, or other tests related to the relevant diagnosis should also be included with the referral. If you have already done a work-up, please fax your information to 206-985-3121.</p>
<h2>WHEN</h2>	<p>Will my patient be able to obtain an appointment?</p>	<p>A wait time of approximately three months is not uncommon for this clinic.</p>
<h2>WHICH</h2>	<p>Provider will my patient see at the first appointment?</p>	<p>Your child will be seen as quickly as possible with the provider on the specialty team who is the best match for managing the current problem. To meet the Biofeedback care team CLICK HERE.</p>
<h2>WHERE</h2>	<p>Will my patient be seen?</p>	<p>Biofeedback Clinics are held in Seattle and Bellevue. For maps and directions CLICK HERE.</p>
