| <h2>WHO</h2>   | <p>Should be referred to the Cancer and Blood Disorders Center?</p>                    | <p>We see patients ages birth to 21 years (and up to 29 years for certain cancer diagnoses). We treat the following conditions: all cancers and blood disorders of children and young adults (for example: solid tumors, leukemia and lymphoma, brain tumors, anemia, neutropenia, thrombocytopenia, bleeding disorders, thrombosis and thrombophilia).</p>                                                                                                                                                                                                        |
| <h2>WHAT</h2>  | <p>Work-up is needed prior to the first appointment?</p>                               | <p>No pre-referral work-up is required for most conditions. If you have already done a work-up, please fax your information to 206-985-3121.</p>                                                                                                                                                                                                                                                                                                                                                                                                                   |
| <h2>WHICH</h2> | <p>Provider will my patient see at the first appointment?</p>                          | <p>Your child will be seen as quickly as possible with a provider on the specialty team who is the best match for managing the current problem (depending on urgency and availability). To meet the Cancer and Blood Disorders Care Team <a href="#">CLICK HERE</a>.</p>                                                                                                                                                                                                                                                                                           |
| <h2>WHERE</h2> | <p>Will my patient be seen?</p>                                                        | <p>Cancer and Blood Disorder Clinics are held at the Main Laurelhurst Campus. Blood Disorder Clinic is also held at our quarterly Tricities Outreach Clinic, with minor limitations to the diagnoses seen there. For maps and directions <a href="#">CLICK HERE</a>.</p>                                                                                                                                                                                                                                                                                           |
