

WHO	Should be referred to the Intensive Feeding Program?	We see patients ages 9 months or older who are tube-fed dependent, medically stable with no medical contraindications for weaning. We offer the following: feeding dynamics assessment by Nutrition, Occupational Therapy and Social Work, evaluation of readiness to participate in two week intensive feeding program and recommended follow up.
WHAT	Work-up is needed prior to the first appointment?	Growth grids from birth to present; medical diagnoses; medical and tube feeding history, reason for feeding tube, when tube placed, type of tube and results of any pertinent lab tests. If you have already done a work-up, please fax your information to 206-985-3121.
WHEN	Will my patient be able to obtain an appointment?	Your patient will be seen at our first available appointment.
WHICH	Provider will my patient see at the first appointment?	Your child will be seen as quickly as possible with the provider on the specialty team who is the best match for managing the current problem. To meet the Intensive Feeding Program Care Team CLICK HERE .
WHERE	Will my patient be seen?	Intensive Feeding Program is held in Seattle. For maps and directions CLICK HERE .
