

WHO	Should be referred to the Nephrology Clinic?	We see patients from birth to 21 for the following conditions: chronic kidney disease, hematuria, proteinuria, nephrotic syndrome, Hemolytic Uremic Syndrome, HSP, polycystic kidney disease, glomerulonephritis and electrolyte abnormalities. We see patients up to age 18 for hypertension.
WHAT	Work-up is needed prior to the first appointment?	No pre-referral work-up is required for most conditions. For hypertension referrals, please send at least 3 BP measurements taken by a medically trained person, as well as the patient's height and weight. Urinalysis results are helpful to send if already performed. If you have already done a work-up, please fax your information to 206-985-3121.
WHICH	Provider will my patient see at the first appointment?	Your child will be seen as quickly as possible with the provider on the specialty team who is the best match for managing the current problem. To meet the Nephrology team CLICK HERE .
WHERE	Will my patient be seen?	Nephrology Clinics are held in Seattle, Bellevue, Everett, Federal Way, Olympia and Tri-Cities. For maps and directions CLICK HERE .
