

<p>WHO</p>	<p>Should be referred to the Neurosurgery Clinic?</p>	<p>We see patients ages 0 to 21 for the following conditions: hydrocephalus, brain and spinal cord tumors, epilepsy, congenital/developmental anomalies of the brain and spinal cord, spine disorders, vascular diseases of the brain and spinal cord and trauma. Referrals for craniofacial anomalies should be sent to craniofacial clinic. For more information on conditions treated CLICK HERE.</p>
<p>WHAT</p>	<p>Work-up is needed prior to the first appointment?</p>	<p>No pre-referral work-up is required for most conditions. If imaging studies have already been done, please send the report and upload films to PACS or have your patient hand carry to the clinic visit. For macrocephaly and babies < 1 year of age, please send head growth charts. If you have already done a work-up, please fax your information to 206-985-3121.</p>
<p>WHICH</p>	<p>Provider will my patient see at the first appointment?</p>	<p>Your child will be seen as quickly as possible with the provider on the specialty team who is the best match for managing the current problem. To meet the Neurosurgery Team CLICK HERE.</p>
<p>WHERE</p>	<p>Will my patient be seen?</p>	<p>Neurosurgery Clinics are held in Seattle. For maps and directions CLICK HERE.</p>
