

WHO	Should be referred to the Rehabilitation Psychology Clinic?	We see patients ages 3 to 21 for consultation regarding coping and adjustment to chronic, traumatic or congenital illnesses including traumatic brain injury, stroke, anoxic brain injury, multiple sclerosis, neurological infections, encephalitis, brain tumors, arteriovenous malformations, spinal cord injury, and neuromuscular diseases. Patients are also seen for neuropsychological evaluations to determine how brain injury may be impacting learning, behavior and school performance.
WHAT	Work-up is needed prior to the first appointment?	No pre-referral work-up is required for most conditions. If you have already done a work-up, please fax your information to 206-987-2409.
WHICH	Provider will my patient see at the first appointment?	Your child will be seen as quickly as possible with the provider on the specialty team who is the best match for managing the current problem. To meet the Rehabilitation Psychology team CLICK HERE .
WHERE	Will my patient be seen?	Rehabilitation Psychology Clinic is held in Seattle. For maps and directions CLICK HERE .
