

<p>WHO</p>	<p>Should be referred to the Vascular Anomalies Clinic?</p>	<p>We see patients ages 0 to 21 for the following conditions: arteriovenous malformations, birthmarks, hemangiomas, hereditary hemorrhagic telangiectasia (HHT), Klippel-Tréaunay syndrome (KTS), lymphatic malformations, lymphedema, port wine stains (PWS), Sturge-Webber syndrome (SWS), venous malformations (VM), and other rare conditions such as cutis marmorata telangiectatica congenita, Kasabach-Merritt phenomenon, and PHACE syndrome.</p>
<p>WHAT</p>	<p>Work-up is needed prior to the first appointment?</p>	<p>No pre-referral work-up is required for most conditions. Please send any imaging studies (CT or MRI) or photographs showing changes in the child's condition. If you have already done a work-up, please fax your information to 206-985-3121.</p>
<p>WHICH</p>	<p>Provider will my patient see at the first appointment?</p>	<p>Your child will be seen as quickly as possible with the provider on the specialty team who is the best match for managing the current problem. To meet the Vascular Anomalies team CLICK HERE.</p>
<p>WHERE</p>	<p>Will my patient be seen?</p>	<p>Vascular Anomalies Clinics are held in Seattle and Bellevue. For maps and directions CLICK HERE.</p>
