

# Resources for Wheelchairs and Medical Equipment

---

- You can use this list to find medical equipment that is not covered by insurance or if you do not have insurance.
  - These organizations freely loan or ask for a small fee to borrow medical equipment. Some organizations allow you to keep the equipment forever if needed.
  - Many of the organizations receive their equipment from places and people who no longer need it. Because they are donations, they may not have specific items.
  - These organizations clean and sterilize equipment before loaning or giving it out.
-
